The money for signs for the balance of the city will be raised by donations. There will be one sign at each intersection. KEEPING UP TO DATE...

The new fall fabrics almost dare you to guess the fabric content without reading their labels, says Mrs. Mary Y. Newberry, County Home Demonstration Agent.

Washables such as cotton, acrylics, nylons and silk are disguised with coatings, bondings and new kind of knitting processes to achieve a new look.

Nylon is textured to achieve the look, feel and bright colors of silk. Nylon bonded to nylon tricot produces effects which resemble silk prints.

Nylon tricot is glamorized with Swiss dot flocking which adds "loft" and softens colors. Tricot with a satiny backing made from nylon has a crepe-like look with a rich, opaque appearance.

Jersey achieves a frosted look with a blend of Antron and Orion acrylic fibers. Other acrylic fiber fabrics masquerade as wools and worsteds

in tartan plaid, herringbone and blanket-check patterns. These fibers have the construction and feel of wools, are wrinkle resistant, permanently pleated and are completely washable.

A polymeric coating is being used on 100 per cent cotton to simulate leather. Its weight, construction and leather colors made this fabric look real enough to mislead a tanner.

A cotton-blend pique has been developed with its texture woven in for permanence, instead of just stamped on the surface. Even silk has been transformed by a cure process which gives fabric the wet look of vinyl. This new silk is waterproof, crackproof, easy to manipulate and completely washable.

Mrs. Kenneth Bartelson and children, David and Debbie of Scottsdale, Ariz., are visiting relatives in Hamlin, her parents, Mr. and Mrs. Bill Kelly and her brother and family, the Parker Kelleys. Granddaughter Dies In Freak Accident Thursday

Venoye Nichole "Nikki" Riggs, three and one half year old daughter of Mr. and Mrs. Eugene Riggs of Seagraves, was dead on arrival at a Seagraves hospital about 12:30 p.m. Thursday following a freak accident at the family farm near there.

The young girl, granddaughter of Mr. and Mrs. Edd Rodgers, reportedly was in the fields with her father shortly after noon when she apparently fell beneath the wheels of a rotary irrigation unit at the farm, five miles southwest of Seagraves.

The father was unable to tell exactly what happened to the youngster because the mishap happened so suddenly, it was reported.

Services were conducted at 3 p.m. in the First Baptist church in Seagraves with Rev. Boyce Evans, former pastor, and the pastor, Rev. Scott, officiating.

Survivors include her parents, the paternal grandparents, Mr. and Mrs. Gene Riggs of Seagraves; the maternal grandparents of Hamlin.

The little girl's mother is the former Gloria Rodgers, the Edd Rodgers' youngest daughter.

FAIRVIEW NEWS

by Mrs. Elmer Joiner

Some showers have fallen the last week, cooling the weather off, making life more comfortable for both man and beast. Clouds are still lingering and the weather man still promises rain, but we will have to wait and see.

The Fairview pastor, Kenneth Leverett, was back in the pulpit Sunday night after being absent the Sunday night of last week and Sunday morning. Rev. Leverett had charge of the singing in a revival at Paint Creek, led by Rev. Bill Irwin, pastor of Central Ave. Baptist, of Hamlin. He reported a good revival and much good food was served to them, but expressed his happiness at being back home to his own people. Although we had preaching both times in his absence, we learned how a flock of sheep feel without a shepherd, so it was good to have our "shepherd" back too.

Danny Cary preached last Sunday night and Sunday morning we were happy to have Larry Braley, also from the Central Ave. church in Hamlin, coming with him to visit was Johnny Ferguson, also of Hamlin. It was nice to

have these young men who are entering the ministry to come preach to us and would welcome them back any time that the occasion was open for them to come. Rev. Bagley was to have come Sunday, but owing to illness, he could not be there.

Little Kelly Ray Leverett made his debut in church Sunday night and seemed to like it fine, for he never fussed a bit.

Mrs. Leverett went to Paint Creek, with her husband, Saturday night but left the children home.

We are glad to report that Mrs. J. E. Dutton is able to be out of the hospital, but she seems to be far from well.

Mr. and Mrs. Mel Jones went to Brownwood last Sunday, where they attended the Jones family reunion.

Mr. and Mrs. Roy Watts went to Sherman Sunday, for the Watts reunion.

Mr. and Mrs. Winslow Gray went to Abilene after Sunday school, Sunday to attend the Shellnut reunion, but they failed to find them, either the time or place had been changed.

We failed to learn last week that Nancy Ford was coming over the weekend, from school at Denton.

Mr. and Mrs. Joe R. Rosenbaum, Pampa, spent from Friday until Sunday, with his parents, the Fred Rosenbaums.

Visitor of the Elmer Joiners from Friday until Sunday, was a grandson Charles Joiner, from Odessa. Sunday afternoon visitors were Mr. and Mrs. Henry Kee, Lubbock, who

were enroute home from visiting in Abilene.

Mr. and Mrs. Henry visited with the Rosenbaums, Friday afternoon. Sunday afternoon visitors of the Henry's were Mrs. Mary Sue Henry, of Rule, accompanied by her brother Reuben Nance, who lives at Stamford.

Mr. and Mrs. Woodrow Goodwin went to Funston, Sunday afternoon to attend funeral services for Mrs. Smoot, of Anson. Mrs. Smoot was a sister of Mrs. Floyd Goodwin.

After the funeral their car went dead and had to call in for Linda to come in the pickup and bring a chain to pull them in, they made it in before night without any mishaps.

Mr. and Mrs. Elmer Joiner and the Goodwins went to Brownwood, last Wednesday and came home Friday. We didn't go fishing, just went camping to get away from home so there wouldn't be any work to do, just rest. Never having been there before we didn't realize that there was such a nice place to go and spend a vacation, that near home. Also down there vacationing were the Tony Jones family and Sam Carnes family, or that was all we saw in the vicinity where we were, that we knew.

Tom Jones, a long time resident of the Plainview Community, now living in Stamford, suffered a heart attack the middle of last week, but at the last report we had he was doing good.

Ronnie Fleckenstein of the U. S. Navy, stationed in Maryland, is at home for a two week leave visiting his parents, Mr. and Mrs. Joe Fleckenstein.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board of Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the purposes of the various Amendments, except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finance. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigned member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature."

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

monies of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the monies of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient monies therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased thereunder) contains sufficient monies to retire all of the bonds secured by such Division, the monies thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violation of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchaser thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of surveying, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday following the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of the Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Youngblood will use the Wing T as his basic formation but said it will be next week before he can start putting boys into the different positions.

Youngblood invited all of the Piper fans down to the stadium for the workouts saying that there had been quite a few down all ready but he wanted all of them to know that they were welcome.

The junior high school teams under Grady Allen will start workouts after school gets underway.

Bus Routes

The school bus routes will be the same as last year, at the same time with the following drivers, according to Supt. C. F. Cook. The bus for our colored children will not run as all children will ride integrated. The Bus routes and drivers will be:

Bus 12, Hitson, Truelove... Boen; Bus 13, Gravel Pit, L. J. Starr; Bus 15, Celotex, Reusch... Johnson; Bus 16, Wise Chapel, Wayne Hodnett; Bus 17, Neinda, Allen... Tudor; Bus 20, Tuxedo, Gus Young.

There will be no city bus this year. Children living in the city limits will have to provide their own transportation.

Buses will run at the regular time August 30.

School Insurance

The Hamlin Public Schools for the past several years have offered the children of the school accident insurance. This insurance is offered to the children at a cost of \$4.00 per year. The cost is the same as last year. The 24 hour, year around coverage, is only \$10.00 this year. We are very pleased with this insurance.

The administration and teachers recommend that each child be insured under this policy. If any parent needs further information in regard to the insurance, please call on any of the school personnel.

All students participating in sports are required to have this insurance. Also students in band, pep squad and other activities that require transportation. If for any reason a parent desires not to insure their child, we will need written responsibility, by them because we cannot assume all the responsibility.

The second day of school, material will be given each child in our school explaining the coverage and other information. Please read this completely and if you are interested, send back the envelope to your child's teacher.

No person on our school faculty receives any money for this service nor does any receive any part of the premium. This is only a service to our children from our school personnel and administrators.

Lunch Room

The lunch room will be open Monday, August 30, the first day of school.

Prices will be as follows: Primary, 30 cents; Elementary, 30 cents; Junior High, 35 cents; High School 40 cents.

Safety Emblem Designed for Slow Moving Vehicles On Roads

If you see a triangle of fluorescent orange and reflective red ahead of you on the highway, chances are it's a Slow Moving Vehicle emblem. It means slow down and drive carefully.

You'll be seeing more of these emblems on farm highway maintenance, and construction equipment in the months to come, says County Agent Kirby Clayton.

The emblem was developed by agricultural engineers to warn drivers when they're approaching a slow moving vehicle and should slow down. You can see and recognize it at least 500 feet away at any time of day and under almost all driving conditions.

"Many accidents are caused simply because the motorist often does not realize that the object ahead is moving as slowly as it is until it is too late to avoid hitting it," says Clayton. "This emblem could save lives and cut down on injuries in Jones County."

The center of the SMV emblem is fluorescent yellow-orange, the most visible color in daylight, and the outside border is reflective red to show up at night. Intended only for vehicles designed to travel 25 mph or less, the new triangular emblem can be easily

mounted on most farm equipment.

It's inexpensive, durable, and movable and doesn't interfere with the machine or its operator.

"Accidents between slow-moving vehicles and motorists could be reduced greatly if the SMV emblem used on all

slow-moving vehicles and recognized nationwide," commented Clayton.

Mr. and Mrs. David Casey and children and Mr. and Mrs. Bill Early and children returned Monday after a trip to Austin, Houston and San Antonio.

Mmes. Harvey Elkins, Lel-don Clifton, Joe Norton, Don-ley Williams, Charles Connolly and Fred Smith attended a workshop on modern (new) mathematics at Rule Monday.

Neinda Philosopher Isn't Worried Over News Robots Are Signing Official's Letters

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 is undisturbed over news of a new gadget in Washington, his letter this week indicates.

Dear editor:
According to an inside-dope column I read in a newspaper last night during a repeat television show which I didn't even like the first time, the news has leaked out that many government officials in Washington are using machines to sign their names.

Set Wedding Date

Old Glory (Spl.) Mr. and Mrs. Carlton T. Pierce of Old Glory are announcing the engagement and approaching marriage of their daughter, Donna Jean, to Thomas R. Letz, son of Mr. and Mrs. Charlie Letz.

Miss Pierce is a 1965 graduate of Old Glory High School and is attending Harden Simmons University this summer. Letz graduated from Old Glory High School in 1962 and is a student at Texas Technological College in Lubbock.

Wedding vows will be read for the couple September 10 at 7:00 p.m. in the Sweet Home Baptist Church at Rule. Rev. Jack Key will officiate. Friends and relatives are invited.

Sombody has perfected a robot that learns how to sign a name exactly like an official signs it, then all the official has to do is dictate a bunch of letters and a secretary hands a fountain pen to the robot and it scratches out the signature. The official can be a thousand miles away while the machine is in his office signing his name to his mail.

This commentator was outraged at the news, claiming it could lead to all sorts of complications, especially if the machine fell into the hands of the wrong person.

Well, I guess it does have its hazards, like raising children, but I have thought about it and have concluded its disadvantages far outweigh its advantages, the same as with children, generally speaking.

Take check-writing. I don't have the exact figures, don't guess anybody has, but there

To Receive Degree

Mrs. Jack W. Kelley, formerly of Hamlin, now residing in Carlsbad, N. Mex., will receive a bachelor of science degree from Hardin-Simmons University, Abilene, in the summer commencement today (Thursday) at 8 p.m.

Mr. and Mrs. Kelley and their daughters, Janet, Dixie and Cindy, have been living at Carlsbad since the first of June.

must be at least 10 million government checks written every month in this country, with more being added every time Congress gets a quorum, and without some sort of automatic check-writer, the job would finally get so big that it would take a third of the population full time writing checks for the other two-thirds. With machines taking over, this is eliminated and everybody can have a check.

Automation never has worried me. Personally, any time the government wants to send me a check, you won't find me squawking about whether it was hand-signed or machine-signed. All I want to know is, will the bank cash it.

By the way, if anybody thinks I'm going to come into the Herald office every week and sign my initials to my letter in every subscriber's copy, he's crazy. Me and Washington are living in the machine age.

Yours faithfully,
J. A.

It is no Secret...

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO

SECRET what God

can do for you. This

was never intended to be

a secret, for God wants

all to know the good

news.

Isaiah said: "The Lord

hath anointed me to

preach good tidings

...to proclaim the

acceptable year of

the Lord."

Attend church regu-

larly and hear God's

word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Clayton Warns Ranchers to be Prepared for Fires

Thousands of Texas grassland acres go up in smoke every year, says County Agent Kirby Clayton, and the best cure is still prevention.

Since range fire season is just around the corner, ranchers should be prepared. Fire guards should be constructed or reworked to protect ranges from the carelessness of passing motorists.

Fire guards vary in width, but are usually about ten feet wide. They can be made by plying, diskling or blading with a road maintainer, old fashioned road drag, bulldozer or any other kind of scraper. It should be scraped or plowed clean of vegetation each year.

Another good precaution is to post signs at all ranch entrances and gateways reminding people to be careful with matches and cigarettes. Keep the old livestock sprayer filled with water, have buckets, sacks, shovels and other fire fighting equipment ready in case a grass fire does get started.

Move

Mr. and Mrs. Robert Bell and son, Mike, have moved to Bainbridge from Greenville, S. C. where they have been in school at Bob Jones University.

Mr. Bell will be principal of Bainbridge Christian Schools and will be minister of music at Calvary Baptist Church. His wife, the former Norma Garrett, daughter of Mr. and Mrs. C. L. Garrett of Hamlin will teach first grade and aid in the supervisory work of the school.

Rubber Bands on Trotlines

Trotliners usually tie the lines ashore to limber tree branches that will give with the strike of a heavy fish.

In places where there are no branches to tie to, use large rubber bands cut from old inner tubes and tie to a stake driven into the bank.

Austin. Federal authorities have brought suit here to abolish the poll tax as a requirement for voting in Texas elections. Suit was filed under the new voting rights act.

If they are successful in getting an early hearing, a special session of the Legislature may be necessary to enact a valid voter registration statute.

Texas' poll tax is the only existing form of registration for state and local elections. However, there is a procedure for obtaining "free" poll taxes to vote in federal elections.

Observers feel near chaos would result at the polls next year if a final ruling is handed down in favor of the federal suit, without prior enactment of registration procedures.

Although the U.S. Attorney General maintains the tax is not used to raise revenue for the state, Comptroller Robert S. Calvert estimates over \$5,000,000 income for the next biennium from that source. That's \$5,000,000 the state treasury won't get if the poll tax is repealed. Reliable estimates so far see the biennium ending with government in the black by only \$4,200,000 including income from all existing levies.

Atty. Gen. Waggoner Carr has announced he will oppose the federal suit to invalidate the poll tax and to enjoin state and local officials from enforcing its requirements for any general, special or primary elections.

Suit seeks to direct Travis County Tax Collector Fritz Robinson and his employees to compile and certify local voter lists "without regard to payments of the poll tax or any other tax."

The future belongs to the fit
In space or surgery, farming or finance, nursing or news reporting, teaching or television, the future belongs to the fit. The future belongs to those vigorous enough to live it... and shape it! Medical authorities put it this way: "It is a tragic waste to highly educate the minds of our children and neglect the physical conditioning that can help them participate in the future to the full extent of their abilities."
Warnings like this have sparked action. The President's Council on Physical Fitness has developed programs that any school can initiate, regardless of limitations in facilities or budget. We're making progress. Yet even today, less than half our school children get the daily minimum of vigorous exercise they need for adequate physical development.
How about your schools? Are they providing for physical fitness as part of the sound education your children need to carve out their share of the future? You parents can help see that they do. Write: The President's Council on Physical Fitness, Washington, D.C., for information.

KEEPING UP TO DATE...

The new fall fabrics almost dare you to guess the fabric content without reading their labels, says Mrs. Mary Y. Newberry, County Home Demonstration Agent.

Washables such as cotton, acrylics, nylons and silk are disguised with coatings, bondings and new kind of knitting processes to achieve a new look.

Nylon is texturized to achieve the look, feel and bright colors of silk. Nylon bonded to nylon tricot produces effects which resemble silk prints.

Nylon tricot is glamorized with Swiss dot flocking which adds "loft" and softens colors. Tricot with a satiny backing made from nylon has a crepe look with a rich, opaque appearance.

Jersey achieves a frosted look with a blend of Antron and Orion acrylic fibers. Of her acrylic fiber fabrics masquerade as wools and worsteds

in tartan plaid, herringbone and blanket-check patterns. These fibers have the construction and feel of wools, are wrinkle resistant, permanently pleated and are completely washable.

A polymeric coating is being used on 100 per cent cotton to simulate leather. Its weight, construction and leather colors made this fabric look real enough to mislead a tanner.

A cotton-blend pique has been developed with its texture woven in for permanence, instead of just stamped on the surface. Even silk has been transformed by a cure process which gives fabric the wet look of vinyl. This new silk is waterproof, crackproof, easy to manipulate and completely washable.

Mrs. Kenneth Bartelson and children, David and Debbie of Scottsdale, Ariz., are visiting relatives in Hamlin, her parents, Mr. and Mrs. Bill Kelly and her brother and family, the Parker Kelleys. Granddaughter Dies In Freak Accident Thursday

Vennoye Nichole "Nikki" Riggs, three and one half year old daughter of Mr. and Mrs. Eugene Riggs of Seagraves, was dead on arrival at a Seagraves hospital about 12:30 p.m. Thursday following a freak accident at the family farm near there.

The young girl, granddaughter of Mr. and Mrs. Edd Rodgers, reportedly was in the fields with her father shortly after noon when she apparently fell beneath the wheels of a rotary irrigation unit at the farm, five miles southwest of Seagraves.

The father was unable to tell exactly what happened to the youngster because the mishap happened so suddenly, it was reported.

Services were conducted at 3 p.m. in the First Baptist Church in Seagraves with Rev. Boyce Evans, former pastor, and the pastor, Rev. Scott, officiating.

Survivors include her parents, the paternal grandparents, Mr. and Mrs. Gene Riggs of Seagraves; the maternal grandparents of Hamlin.

The little girl's mother is the former Gloria Rodgers, the Edd Rodgers' youngest daughter.

FAIRVIEW NEWS

by Mrs. Elmer Joiner

Some showers have fallen the last week, cooling the weather off, making life more comfortable for both man and beast. Clouds are still lingering and the weather man still promises rain, but we will have to wait and see.

The Fairview pastor, Kenneth Leverett, was back in the pulpit Sunday night after being absent the Sunday night of last week and Sunday morning. Rev. Leverett had charge of the singing in a revival at Paint Creek, led by Rev. Bill Irwin, pastor of Central Ave. Baptist, of Hamlin. He reported a good revival and much good food was served to them, but expressed his happiness at being back home to his own people. Although he had preaching both times in his absence, we learned how a flock of sheep feel without a shepherd, so it was good to have our "shepherd" back too.

Danny Cary preached last Sunday night and Sunday morning we were happy to have Larry Braley, also from the Central Ave. church in Hamlin, coming with him to visit was Johnny Ferguson, also of Hamlin. It was nice to

have these young men who are entering the ministry to come preach to us and would welcome them back any time that the occasion was open for them to come. Rev. Bagley was to have come Sunday, but owing to illness, he could not be there.

Little Kelly Ray Leverett made his debut in church Sunday night and seemed to like it fine, for he never fussed a bit.

Mrs. Leverett went to Paint Creek, with her husband, Saturday night but left the children home.

We are glad to report that Mrs. J. E. Dutton is able to be out of the hospital, but she seems to be far from well.

Mr. and Mrs. Mel Jones went to Brownwood last Sunday, where they attended the Jones family reunion.

Mr. and Mrs. Roy Watts went to Sherman Sunday, for the Watts reunion.

Mr. and Mrs. Winslow Gray went to Abilene after Sunday school, Sunday to attend the Shellnut reunion, but they failed to find them, either the time or place had been changed.

We failed to learn last week that Nancy Ford was home, over the weekend, from school at Denton.

Mr. and Mrs. Joe R. Rosenbaum, Pampa, spent from Friday until Sunday, with his parents, the Fred Rosenbaums.

Visitor of the Elmer Joiners from Friday until Sunday, was a grandson Charles Joiner, from Odessa. Sunday afternoon visitors were Mr. and Mrs. Henry Kee, Lubock, who

were enroute home from visiting in Abilene.

Mr. and Mrs. Henry visited with the Rosenbaums, Friday afternoon. Sunday afternoon visitors of the Henrys were Mrs. Mary Sue Henry, of Rule, accompanied by her brother Reuben Nance, who lives at Stamford.

Mr. and Mrs. Woodrow Goodwin went to Funston, Sunday afternoon to attend funeral services for Mrs. Smoot, of Anson. Mrs. Smoot was a sister of Mrs. Floyd Goodwin.

After the funeral their car went dead and had to call in for Linda to come in the pickup and bring a chain to pull them in, they made it in before night without any mishaps.

Mr. and Mrs. Elmer Joiner and the Goodwins went to Brownwood, last Wednesday and came home Friday. We didn't go fishing, just went camping to get away from home so there wouldn't be any work to do, just rest.

Never having been there before we didn't realize that there was such a nice place to go and spend a vacation, that near home. Also down there vacationing were the Tony Jones family and Sam Carnes family, or that was all we saw in the vicinity where we were, that we knew.

Tom Jones, a long time resident of the Plainview Community, now living in Stamford, suffered a heart attack the middle of last week, but at the last report we had he was doing good.

Ronnie Fleckenstein of the U. S. Navy, stationed in Maryland, is at home for a two week leave visiting his parents, Mr. and Mrs. Joe Fleckenstein.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature."

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present."

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preference right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds."

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price thereof, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the moneys, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands, sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and moneys received from investment of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated for such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund."

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased thereunder) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and retained in a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party."

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund."

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notice, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary."

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature."

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Youngblood will use the Wing T as his basic formation but said it will be next week before he can start putting boys into the different positions.

Youngblood invited all of the Piper fans down to the stadium for the workouts saying that there had been quite a few down all ready but he wanted all of them to know that they were welcome.

The junior high school teams under Grady Allen will start workouts after school gets underway.

Bus Routes

The school bus routes will be the same as last year, at the same time with the following drivers, according to Supt. C. F. Cook. The bus for our colored children will not run as all children will ride integrated. The bus routes and drivers will be:

Bus 12, Hitson, Truelove... Boen; Bus 13, Gravel Pit, L. J. Starr; Bus 15, Celotex, Reusch... Johnson; Bus 16, Wise Chapel, Wayne Hodnett; Bus 17, Neinda, Allen... Tudor; Bus 20, Tuxedo, Gus Young.

There will be no city bus this year. Children living in the city limits will have to provide their own transportation.

Buses will run at the regular time August 30.

School Insurance

The Hamlin Public Schools for the past several years have offered the children of the school accident insurance. This insurance is offered to the children at a cost of \$4.00 per year. The cost is the same as last year. The 24 hour, year around coverage, is only \$10.00 this year. We are very pleased with this insurance.

The administration and teachers recommend that each child be insured under this policy. If any parent needs further information in regard to the insurance, please call on any of the school personnel.

All students participating in sports are required to have this insurance. Also students in band, pep squad and other activities that require transportation. If for any reason a parent desires not to insure their child, we will need written responsibility, by them because we cannot assume all the responsibility.

The second day of school, material will be given each child in our school explaining the coverage and other information. Please read this completely and if you are interested, send back the envelope to your child's teacher.

No person on our school faculty receives any money for this service nor does any receive any part of the premium. This is only a service to our children from our school personnel and administrators.

Lunch Room

The lunch room will be open Monday, August 30, the first day of school.

Prices will be as follows: Primary, 30 cents; Elementary, 30 cents; Junior High, 35 cents; High School 40 cents.

These prices are the same whether you buy by the month or by the day.

Safety Emblem Designed for Slow Moving Vehicles On Roads

If you see a triangle of fluorescent orange and reflective red ahead of you on the highway, chances are it's a Slow Moving Vehicle emblem. It means slow down and drive carefully.

You'll be seeing more of these emblems on farm highway maintenance, and construction equipment in the months to come, says County Agent Kirby Clayton.

The emblem was developed by agricultural engineers to warn drivers when they're approaching a slow moving vehicle and should slow down. You can see and recognize it at least 500 feet away at any time of day and under almost all driving conditions.

"Many accidents are caused simply because the motorist often does not realize that the object ahead is moving as slowly as it is until it is too late to avoid hitting it," says Clayton. "This emblem could save lives and cut down on injuries in Jones County."

The center of the SMV emblem is fluorescent yellow-orange, the most visible color in daylight, and the outside border is reflective red to show up at night. Intended only for vehicles designed to travel 25 mph or less, the new triangular emblem can be easily

mounted on most farm equipment.

It's inexpensive, durable, and movable and doesn't interfere with the machine or its operator.

"Accidents between slow-moving vehicles and motorists could be reduced greatly if the SMV emblem used on all

slow-moving vehicles and recognized nationwide," commented Clayton.

Mr. and Mrs. David Casey and children and Mr. and Mrs. Bill Early and children returned Monday after a trip to Austin, Houston and San Antonio.

Mmes. Harvey Elkins, Leidon Clifton, Joe Norton, Donley Williams, Charles Connally and Fred Smith attended a workshop on modern (new) mathematics at Rule Monday.

Neinda Philosopher Isn't Worried Over News Robots Are Signing Official's Letters

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 is undisturbed over news of a new gadget in Washington, his letter this week indicates.

Dear editor:

According to an inside-dope column I read in a newspaper last night during a repeat television show which I didn't even like the first time, the news has leaked out that many government officials in Washington are using machines to sign their names.

Donna Jean Pierce, Thomas R. Letz Set Wedding Date

Old Glory (Spl.) Mr. and Mrs. Carlton T. Pierce of Old Glory are announcing the engagement and approaching marriage of their daughter, Donna Jean, to Thomas R. Letz, son of Mr. and Mrs. Charlie Letz.

Miss Pierce is a 1965 graduate of Old Glory High School and is attending Harden Simmons University this summer. Letz graduated from Old Glory High School in 1962 and is a student at Texas Technological College in Lubbock.

Wedding vows will be read for the couple September 10 at 7:00 p.m. in the Sweet Home Baptist Church at Rule. Rev. Jack Key will officiate. Friends and relatives are invited.

Sombody has perfected a robot that learns how to sign a name exactly like an official signs it, then all the official has to do is dictate a bunch of letters and a secretary hands a fountain pen to the robot and it scratches out the signature. The official can be a thousand miles away while the machine is in his office signing his name to his mail.

This commentator was outraged at the news, claiming it could lead to all sorts of complications, especially if the machine fell into the hands of the wrong person.

Well, I guess it does have its hazards, like raising children, but I have thought about it and have concluded its advantages far outweigh its disadvantages, the same as with children, generally speaking. Take check-writing. I don't have the exact figures, don't guess anybody has, but there

To Receive Degree

Mrs. Jack W. Kelley, formerly of Hamlin, now residing in Carlsbad, N. Mex., will receive a bachelor of science degree from Hardin-Simmons University, Abilene, in the summer commencement today (Thursday) at 8 p.m.

Mr. and Mrs. Frederick Dalby, Fred Dalby, Fred Martin, and E. T. Hennig, CAA, accompanied the 4-H'er's to the Dallas Show.

must be at least 10 million government checks written every month in this country, with more being added every time Congress gets a quorum and without some sort of automatic check-writer, the job would finally get so big that it would take a third of the population full time writing checks for the other two-thirds. With machines taking over, this is eliminated and everybody can have a check.

Automation never has worried me. Personally, any time the government wants to send me a check, you won't find me squawking about whether it was hand-signed or machine-signed. All I want to know is, will the bank cash it.

By the way, if anybody thinks I'm going to come into the Herald office every week and sign my initials to my letter in every subscriber's copy, he's crazy. Me and Washington are living in the machine age.

Yours faithfully,
J. A.

It is no Secret...

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO

SECRET what God

can do for you. This

was never intended to be

a secret, for God wants

all to know the good

news.

Isaiah said: "The Lord

hath anointed me to

preach good tidings

...to proclaim the

acceptable year of

the Lord."

Attend church regu-

larly and hear God's

word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Clayton Warns Ranchers to be Prepared for Fires

Thousands of Texas grassland acres go up in smoke every year, says County Agent Kiley Clayton, and the best cure is still prevention.

Since range fire season is just around the corner, ranchers should be prepared. Fire guards should be constructed or reworked to protect ranges from the carelessness of passing motorists.

Fire guards vary in width, but are usually about ten feet wide. They can be made by plowing, disking or blading with a road maintainer, old fashioned road drag, bulldozer or any other kind of scraper. It should be scraped or plowed clean of vegetation each year.

Another good precaution is to post signs at all ranch entrances and gateways reminding people to be careful with matches and cigarettes. Keep the old livestock sprayer filled with water, have buckets, sacks, shovels and other fire fighting equipment ready in case a grass fire does get started.

Move

Mr. and Mrs. Robert Bell and son, Mike, have moved to Bainbridge from Greenville, S. C. where they have been in school at Bob Jones University.

Mr. Bell will be principal of Bainbridge Christian Schools and will be minister of music at Calvary Baptist Church. His wife, the former Norma Garrett, daughter of Mr. and Mrs. C. L. Garrett of Hamlin will teach first grade and aid in the supervisory work of the school.

Rubber Bands on Trotlines

Trotlines usually tie lines ashore to limber tree branches that will give with the strike of a heavy fish.

In places where there are no branches to tie to, use large rubber bands cut from old inner tubes and tie to a stake driven into the bank.
